

KLEM Staff at 150th Anniversary Bash for clients and listeners

Station Profile

The KLEM signal blankets much of Northwest Iowa with primary listenership in Plymouth, Sioux and western Cherokee Counties. KLEM is “family radio” so the whole family listens... and our music is a mix of favorites. Some call it “middle of the road”...but it’s an adult contemporary music format with a sprinkling of current adult contemporary and country hits. No rap, no hard rock. **Ever.**

KLEM has lots of local information...news, sports, and announcements. In fact, we carry everything from the school lunch menu to obituaries.

And KLEM covers AG! We pride ourselves on being a leader in farm coverage. Today’s farmers require up-to-the-minute information. KLEM is an Agri-Net affiliate. We offer hourly commodity updates, and a full half hour of agricultural information every noon. Stock market reports are also a regular daily feature.

KLEM has special programs with community ties. One of the signature, popular, programs is “Trading Post” heard Monday through Saturday at 7:45 AM. The “What-Now” show is a daily community affairs program with live interviews about happenings in KLEM-land.
